RE: Phone Conversation With William Bown, Utah Building Stone Supply, Dove Creek Quarry, M/003/016, Box Elder County, Utah.

On Friday, June 16, 2000, Kurt Seel, Asst. Attorney General reviewed copies of the reclamation contract and the letter of credit from Barnes Banking Company which had been submitted to the Division for the Dove Creek Quarry. His review raised a question as to who was the owner/operator of this quarry: Utah Building Stone Supply, a partnership, or Utah Building Stone Supply, Inc, a corporation. Both companies are owned by William Bown.

On June 19, 2000, I spoke with William Bown to clarify the owner/operator status of the Dove Creek Quarry. He indicated to me that currently it is the partnership that is operating the quarry. This is consistent with owner/operator information in the Notice of Intention to Commence Large Mining Operations (dated April 28, 1998), the Reclamation Contract, and the Letter of Credit. Mr. Bown Indicated that he has recently changed the name of Utah Building Stone Supply, Inc. to Bonneville Quarries, Inc. and that he would probably transfer the Dove Creek Quarry to this corporation at some time in the future. He indicated that he does not want to potentially delay the final approval or public comment period by transferring the operation at this time.
